2:30 – 3:00	Ramon Garcia	<b>VOLUNTEER NEEDED</b>

### Overview

Thank you for helping out! The Water Slide has 2 lanes. Each lane will have its own line leading to the entry. Each slider entering the ride will wait for the GO volunteer will blow the whistle once for the "GO" signal. The exit helper will help pull sliders out of the pool at the end. The pool should be empty before the next sliders are signaled to go.

For safety's sake, it is important that you enforce the rules consistently and fairly for all children. The attached rule sheet will be posted near the ride.

### Directions for GO Person

1. You'll receive a whistle. One quick whistle blow means "GO!" It's now safe for both kids to proceed down the Water Slide lane. (One child per lane.)
2. Two quick blows means "STOP!" It's NOT safe to proceed, one child got a false start, or the ride is over. If a child willfully ignores the STOP signal, go to number 3.
3. Three blows means "YOU'RE OUT." The child has ignored a warning and risked the safety of other children. He/she must climb out of the ride and forfeit their turn. If they wish to ride again, they must go to the end of the line. If they receive 3 whistles again on a subsequent turn, they forfeit their Water Slide privileges for the rest of the day.

# **Water Slide Rules**

**No shoes, jewelry, or eye glasses**

**Form two lines: one for each lane**

**Obey all directions from Slide Volunteers**

**1 whistle means "GO!"**

**2 whistles means "STOP!" It is not safe to go yet or the ride is over.**

**3 whistles means you have ignored a warning to STOP. Now you must get off the ride immediately and go to the end of the line.**

**If you receive 3 whistles again, you will be asked to stay off the ride for the day.**

**Thanks for your cooperation!**
